In THE SERVICE of THE CHALLENGED

Margadarshi

The Association for Physically challenged (Regd.)

www.margadarshionline.org

VISION

To help persons with disability get transformed into self actualizing dignified human beings as socially equal partners.

MISSION

Remove barriers imposed by disability and instill faith and hope in challenged persons so that they start owning the process of their own development.

ABOUT THE ORGANIZATION

Margadarshi was started in 1988 by like minded people, who themselves were polio victims. Margadarshi means showing the way. Our main purpose is to help and support the most vulnerable groups of challenged persons towards their physical, social, psychological and economic well-being. We work in Bangalore, in 41 Gram Panchayat of Kollegal Block, Chamarajanagar District, Karnataka. We have 3 offices, 2 in Bangalore, 1 in Kollegal and an early intervention center at Hanur.

ACTIVITIES

Margadarshi rehabilitates people with disabilities through a range of services from Early Intervention, Medical Rehabilitation, Residential Support, Educational Support, Livelihood Training, Counseling & Guidance.

Early Intervention: Due to lack of awareness, lack of medical facilities, poverty and ignorance the disability is neglected at birth and in early stages. Without care and support at this early stage, they will suffer irreversible damage when they grow up.

Margadarshi identifies children with such disability at an early stage and provides rehabilitation services which contribute to their overall growth and development and also prevent secondary disability.

MEDICAL REHABILITATION

Margadarshi always believes that every challenged person is unique in their own way & each deserves to lead a happy and healthy life.

Under this activity, medical camps are being conducted regularly in rural places. Needy people with disabilities are identified and provided with medical assistance by arranging surgeries, mobility aids & equipments. Training & counseling are also being provided to users about the usage of mobility devices. Through these services they get groomed to become confident & contributing members of the society.

EDUCATIONAL SUPPORT SERVICES

Education is the movement from darkness to light - Due to lack of awareness, poverty, and structural barriers many students with disability are left out

of schools. To encourage them to continue their studies, Margadarshi is continuously engaged to support such students by putting them in the main stream of education system through counseling, scholarships & other required support services.

THE SOCIO – CULTURAL EMPOWERMENT OF CHALLENGED STUDENTS

Margadarshi is boosting challenged students' creative and critical abilities through socio-cultural and leadership programs.

RESIDENTIAL CARE AND EMPOWERMENT OF GIRLS AND WOMEN WITH DISABILITY

Among the challenge people, Women & Girls have less opportunities compared to others. They often face more difficulties. With the aim to empower this deprived women and girls, Margagadarshi has setup a free residential HOME in the year 1999. Through this **Margadarshi** is supporting their education, shelter and vocational training services in addition to grooming them to develop leadership & life skills.

MARGADARSHI'S VISION FOR ITS RESOURCE & TRAINING CENTRE IS TO

- ▶ Accommodate 50 challenged women / girls.
- ▶ Provide vocational training, counseling and skill development.
- ▶ Provide a short HOME stay for persons with disability

COMMUNITY BASED REHABILITATION

Community-based rehabilitation (CBR) focuses on enhancing the quality of life for people with disabilities and their families; meeting basic needs; and ensuring inclusion and participation. It is a multi-sectoral strategy that empowers persons with disabilities to access and benefit from education, employment & health.
